

Instruction for use of “Annual Notification of Changes” Form

(Applicable to all miscellaneous parts or products surface coating operations)

General

This form may be used to comply with the annual reporting requirements in 14.8.1 of Regulation 1138. The use of this form is optional. However, other means of reporting changes must be prepared according to the applicable requirements under 14.8.2 of Regulation 1138.

This “Annual Notification of Changes” form may be used to identify all deviations that occurred during the reporting period. If more than five (5) deviations occurred, the owner or operator should use and attach extra sheet (provided) to the “Annual Notification of Changes” report.

If no deviations occurred during the reporting year, the owner or operator of the affected miscellaneous parts or products surface coating operation does not need to submit an “Annual Notification of Changes” report.

Required Submittal Date
